

Have You Heard About Turning All Clocks Ahead?

WELL, it has been done in a number of European countries, and in some cities in America. Boston is considering the matter, led by the Chamber of Commerce; and Barre will not be an hour behind the times if the change spells PROGRESS. Better keep an eye on the project, as it may interest you keenly in a personal way some morning.

Prices of Linoleums Are Bound to Go Forward

We are doing everything in our power to keep prices where they are, but a letter such as the following, from a leading maker of linoleums, shows which way the trade winds are blowing:

"We are more than oversold on this class of goods, and believe August prices are as low as they can be, with the strong probability that during the spring, in fact after November 1 of this year, prices will be much higher."

LINOLEUM is easy to keep clean, does not splinter, is soft to the tread and is an ideal floor-covering. Examples:

Imported Inlaid Linoleums—With patterns running through to the back, of the famous "Stained" and "Greenwich" makes, including parquetry, tile, floral and geometric effects, for the kitchen, pantry, laundry and back halls. Per yard, \$1.10 to \$1.75.

Plain Linoleums—In brown, terra cotta, green and gray, in various grades up to the heavy government standard battleship quality. Per yard, \$1.10 to \$2.15.

Printed Linoleums—A most desirable selection of choice designs from all the leading American manufacturers at reasonable prices. Per yard, \$1.10 to \$2.15.

Cork Carpet—Resilient, sanitary and durable; especially adapted for use in the nursery at home, as well as hospitals and libraries, where its noise-subsiding properties are fully appreciated. Per yard, \$1.10 to \$2.15.

Chief Sinclair and Patrolman David Henderson were subpoenaed to Washington county court yesterday to testify in the case of Barber vs. Aaron, an action growing out of an accident in which Aaron's jitney was alleged to have collided with Barber's milk wagon on North Main street a year ago. Arthur Barber, a Richardson road farmer, was the plaintiff, and Jacob Aaron, the defendant, was a Montpelier jitney driver.

"Next to Rev. Anna Howard Shaw, Dr. Effie McCullom Jones is the suffrage orator supreme," is the characterization given a former Barre pastor by The Independent, of New Cumberland, West Va., a weekly newspaper which hails the approaching visit of Mrs. Jones to that section as an earnest of the thoroughness with which the National Suffrage association is spreading its gospel of equal rights throughout the country. After leaving the pastorate of the Universalist church in Barre, Rev. Mrs. Jones was engaged for some years in Waterloo, Ia., where she continues to make her home, although her speaking tours carry her into many states. Says The Independent: "Dr. Jones is field director for the National Suffrage association and is one of the finest orators in the movement. In Iowa, where she was pastor of a church for many years, her influence was so great that many of her people urged her to remain because they felt she could not do greater work in another field. She is the prophet who is the exception, for in her own town to people of all denominations she is the beloved Dr. Effie."

"The Making Over of Mrs. Matt," a comedy of three acts, was played before a fair-sized crowd last evening at the Barre opera house by Miss May Robson and her cast of players, who presented the comedy in a most approved manner. Every minute during the two hours and a half they the players were on the stage they had the audience in an uproar over their funny antics and expressions, which appeared to the people to be very original. Miss May Robson, the leading lady of the play, had, of course, the best character in the piece, the part of Mrs. Matt. She gave it in a splendid manner, giving the audience a most striking picture of a fond mother who has not seen her son in a long time but still is trying to learn the difference in style between New York life and western life, which she has been accustomed to. Burr Caruth was very good in the part of Matthew Lamson, a western financier, bringing out all the rough and abrupt ideas of a western business man in a laughable way. The part of Mr. Lamson's son, taken by Jack Storey, was well taken, he giving some ideas of the college graduate and trying to instill them into his hard-headed old father in a way that was nothing less than spectacular. While these were the principal characters of the play, the ones who played the less important parts were equally as good, the entire play being filled with wit and humor and given in a manner that its presentation will linger long in the memories of the comedy lovers.

Spaulding football warriors will don their togs for serious business late this afternoon when Coach Will T. Maiden brings his Montpelier seminary eleven to Goshen village for the first game of the season. Coach C. L. Brown has a pretty definite idea of who will start for Spaulding, although he contemplates several shifts before the game is finished. The whistle will sound for the kick-off at 4:15 o'clock.

Dog River Valley fair in Northfield drew a large crowd of fair-going people from Barre to-day, many leaving for the fairgrounds at noon in order to be present in time for the races. Although a majority of those who attended to-day made the trip by automobile, 31 tickets were sold at the Central Vermont station this morning for Northfield, passengers leaving at 8:25 o'clock. Think of it! Milk bottled under sanitary conditions, warranted pure and sweet. Richard L. Lawless, Tel. 643-W.

Hugh Halvosa of Hartford, Conn., is passing several days in the city as a guest in the home of his uncle, W. C. T. Halvosa, of upper Camp street.

Barre and Chelsea railroad employees are facing the task of returning to the iron a flat car heavily laden with rough stock which left the rails at the dead end of a spur just south of the Boutwell, Milne & Varnum office on North Main street. The bumper usually relied upon to prevent the cars from leaving the track at the spur terminus, did not serve to stop the heavy load and consequently two trucks are resting on the ground.

Jack screws and a swinging crane will be used in restoring the car to the rails. With the sling shot nuisance reaching proportions that at best may be described as extremely annoying, the police are invoking a small-time Sullivan law in ridding the city of the dangerous little weapons. Every youngster who is caught with a sling shot on his person is to be summarily disarmed. Alderman C. H. Reynolds, who has observed the singularly exasperating effects of the forked guns in North Barre believes that more than 500 youngsters in the north end are equipped with the weapons. To-day the police began to "frisk" the youngsters suspected of concealing the sling shots and amid a good many emphatic protestations, they removed a number of the shooters. Windows have been broken, old people have been "beamed" and children have winged each other with the sling shots until folks are heartily tired of the nuisance.

Send the Children

If you cannot come, send the children. We welcome the children, we treat them right. We treat them courteously, we please them so that they love to come here. Ask your own child, ask the neighbor's child who does your errands. You can trust us to interpret your wants, knowing that we will use our best judgment to select the goods.
